

# 5 Axes CNC Machining Center

5 Axes CNC Machining Center ....( 3 Axes VMC + 4th-5th Axis unit on table).....  
EQUIPTOP Brand .....

Another brand agent by Siam Elmatech since 11 years ago. The first unit of EQUIPTOP CNC Machining center just was changed the linear guide ways and ball screws both along X&Y Axes. After changing of the main mechanical system, the machine can have all accuracy and machining efficiency achievable as the new machine had.

Yes, we did it by yourself.....by Siam Elmatech staff.
